1	If there is a great restaurant or business providing a needed service at the right price point, residents will go. We also have surrounding towns with a population that could work in Fitzwilliam. Affordable housing might need to grow as business and workforce needs grow. Businesses in Rindge are certainly competition, but there is a large enough population to sustain additional businesses on Rt 12, especially as Rindge continues to grow with additional housing developments.	3/12/2022 7:15 AM
2	many prefer rural setting	2/14/2022 9:43 PM
3	I believe most residents will support any business that doesn't negatively impact the town's character negatively. For example, heavy traffic, noise, pollution, or unsightly lots would be a negative impact to residents. While tastefully done businesses (offices or retail) would be easy to support in appropriate locations.	2/14/2022 8:45 PM
4	I know that businesses are put through a lot when they do try to come here. We should be welcoming and supporting them in the already challenging process of starting and running a business.	2/14/2022 5:43 PM
5	Fitzwilliam needs to stay a small sparsely populated community.	2/13/2022 10:42 AM
6	Fitzwilliam has several highway and business zones that could be development without disturbing the residential area	2/12/2022 7:16 PM
7	The focus should be keeping Fitzwilliam a peaceful quiet rural community, not economic development.	2/11/2022 1:51 PM
8	Fitzwilliam lacks the will to grow and prosper.	2/9/2022 12:30 PM
9	Lack of support for current businesses.	2/7/2022 11:15 AM

13	Encouraging home/small businesses is Fitzwilliam's future, not large scale businesses	1/23/2022 1:34 PM
14	See above. Growing businesses in Fitzwilliam is the wrong direction for the town.	1/23/2022 1:03 PM
15	some people on committees have prevented the growth	1/22/2022 1:10 AM
16	Need three-phase power on Route 12, both north and south of Route 119	1/21/2022 9:16 AM
17	Fitzwilliam in a residential community - within close to stores, etc.	1/19/2022 3:32 PM
18	I moved here because it is a small rural town, people should move if they don't like it.	1/19/2022 3:09 PM
19	Not in my backyard syndrome (Strongly agree)	1/19/2022 3:07 PM
20	Fitzwilliam needs an economic and social "anchor," or nexus that supports other businesses and community activity. For example, if the Inn were viable it would be a great center of gravity for the village.	1/18/2022 11:43 AM
21	Broadband is great. we need 3ph power on rt12	1/16/2022 12:39 PM

23	no cell phone service	1/12/2022 8:59 AM
24	Fitzwilliam has an opportunity to invest in industry and business- be it green or otherwise. We sit at a key crossroads of transit en route to/from Keene and we should exploit that more..	1/10/2022 9:26 PM

1	Recreation- we do not need new buildings, we need to utilize the trails and activities that we do have, better promoting these. When we hike at all of our town's trails, we are surprised how few people we see in general. Additional residential development is good, but zoning laws need to be updated to ensure a rural character of the town can be maintained as new subdivisions get considered and potentially approved.	3/12/2022 7:15 AM
2	From what I understand there is a proposal to put another Gas Station on Rt 12??!?!?!? This is how to KILL Fitzwilliam's rural character.	2/20/2022 8:22 AM
3	Casino	2/15/2022 7:10 PM
4	I realize a lot of these goals can be contra indicative in application. I would say that we can maintain our rural character and still have restaurants and stores on rt 12 and 119. And have smaller businesses in the more rural areas and be supportive of their activities.	2/14/2022 5:43 PM

19	I sincerely believe there is a way to encourage the growth of business around the 12/119 area while maintaining a rural character of the town. Our green is, objectively, one of the finest in New England- we should value that in a big way. We also have some of the most pristine lakes and forests around, something we should defend against logging or mining. All of this is possible in tandem with being business friendly.	1/10/2022 9:26 PM
20	Do something creative & meaningful with the Fitz Inn. It has been a cornerstone for our village center and is now a wasted asset. Really sad to see.	1/10/2022 11:59 AM

60	Wow! There are so many things that I love about this town. But I remember, one early morning, going for a walk in the woods of Fitzwilliam. It was so quit so relaxing. As I sat to take in the scenery the only thing I could was a woodpecker trying to get breakfast. That was it, the moment I decided to move to this town. I hope it stays this way.	2/13/2022 10:42 AM
61	Quiet, low crime, beautiful areas.	2/13/2022 9:14 AM
62	Fitzwilliam is a quaint, beautiful New England town. Much like the town of Grafton MA once was. I moved from my birth place because it became so over built and over populated for my taste. I dont want to see that happen to Fitzwilliam. There are many areas in Fitzwilliam that could be developed without impacting the character of the town.	2/12/2022 7:16 PM

I like that this town respects a person's privacy, but neighbors are there to help, if you need them. During the last 30 + years living here I have had my house saved from burning down by the fire department, used ambulance services and during a very lean time in our lives the visiting nurses saved our Christmas! I am not afraid to walk the streets alone. Fitzwilliam will always be my home!	2/3/2022 12:26 PM

162	It's rural nature. That is why I moved here years ago. I did not move here for the "scenic" quarries or the upscale Mr. Mikes. Nor did I hope and dream of living in a town chopped up into 3 acre building lots with multiple car dealership along route 12. 113	As I get older I wish there were more businesses in town to take advantage of. I wish the roads were maintained better and the roads plowed before you have to leave the house in the morning. My husband works in MA and he says you can tell where the state line is by how the roads are maintained in the winter. My children are all grown, but it would have been nice if when they were young there were job opportunities here in town for our young people. These are some issues I can think of, but I hope it doesn't cast a shadow on all the hard working folks and the wonderful volunteers in Fitzwilliam. I do appreciate them for sure.	2/3/2022 12:26 PM

149	Will take the 5th on this one...	1/24/2022 6:44 PM
150	Lack of diversity and many people seem to not be open minded	1/23/2022 2:39 PM
151	Watching the land become cut up into suburban-sized lots, cutting apart open land, Zoning laws that encourage new building developments... just look to our east. It happens even when towns have the best of intentions, unless more control creates ways to protect what we have now. What will this town look like in another 30 years? Nashua spread to Milford, and destructive development continues the march west towards us. Now is the time to figure out that Fitzwilliam cannot be everything, to everyone. It's a country community, and that's why we have all moved here.	1/23/2022 1:34 PM

185	The fact that as soon as you come into town, very visible a new gun shop. I don't feel this really tells what our town is all about!	1/19/2022 3:18 PM
186	I'm beginning to feel like this town wants to be like every Massachusetts town. Tax and spend. Everyone wants everything but no one wants to pay for it. I want to be left alone with low taxes and minimum town services.	1/19/2022 3:09 PM

189	Limited times for services. (Town clerk, transfer station etc.)	1/18/2022 3:40 PM
190	There seems to be a general sense that Fitzwilliam shouldn't change or evolve - perhaps out of a legitimate fear of upsetting the balance that has sustained the town in its current state for so long. It is unfortunate that, in general, younger people don't see Fitzwilliam as a place to stay or return to. There also seems to be a general lack of engagement in local issues and support for local businesses or initiatives. This general reserve may just be endemic to all New England towns, but it's also the backdrop to future missed opportunities.	1/18/2022 11:43 AM
191	Lack of infrastructure- cell towers, broadband (excited this is starting to change)	1/16/2022 7:22 PM
192	lack of business for example medical, grocery, bank, hair stylist etc. In other words, having to drive 30 minutes to do these things. Though I do recognize development could cause a loss of the rural piece I enjoy. I feel that our planning board has leaned too far toward protecting rural pieces in the past decade.	1/15/2022 1:30 PM

207	Lack of amenities	1/12/2022 3:48 PM
208	Although I realize many factors went into the closing of the Inn, I am disappointed the towns people cannot (or will not) support the Inn financially enough to keep it operating.	1/12/2022 2:34 PM

223	Noisy commercial neighbors like Turnkey who don't respect their neighbors and make a ton of loud booms throughout the work day. Plus their scraping of the forested area to stack supplies from the back of their ugly building to the road looks awful.	1/11/2022 7:30 PM
224	One must leave town for quality supplies and entertainment.	1/11/2022 5:35 PM
225	There is nothing here. We barely have any businesses and there is nothing to do here for the kids. Our public beach is the side of the road there is not recreation center for our kids to attend let alone any good programs. I do give kudos to the new req director I think she is doing an amazing job with what she has but I think the town and the selectman should help out more and allow more things. We need businesses to come to our town if we want to grow! We need a real store like a Kulick's to Winchester, a gym, a bigger dunkin donuts, anything other then another antique store!	1/11/2022 12:08 PM
226	Not supportive of new business.	1/11/2022 6:15 AM
227	To be honest, it is depressing to pass the Inn with a for sale sign in front of it when I drive by. I see a lot of potential for the Inn as a brewery and affordable public house that folks of all strata can enjoy. I can't be the only person who sees this. We just need to court good investment with a solid, revitalized vision grounded in its historic roots. Given the square footage and a booming microbrewery trend, I can't believe this idea hasn't been mentioned a thousand times.	1/10/2022 9:26 PM

231	Cell phone reception.	1/10/2022 11:33 AM
232	The Fitzwilliam Inn is closed - that is a shame -- it was great to eat & stay there. Having some where nearby to go for dinner & music was great. I get that it could be difficult to maintain a business but I'd they were allowed to have live music (pub style/scale music performances) could be great. Also could cater to winter enthusiasts who cross country ski in the area. Could promote more outdoorsy hiking, biking, etc to bring tourists or encourage seasonal visitors to engage economically with the community. Allow / encourage AirBnb or B&B's - could being people to the restaurant (s). Also the breakfast restaurant closed so that's a bummer too.	1/10/2022 10:37 AM

1	Municipality is limited in driving housing market, but affordable housing is an issue everywhere	3/8/2022 11:44 AM
2	We have too many poorly maintained and abandoned homes in town that encouraging more low-income homes will increase the abandonment/maintenance issues.	2/23/2022 8:45 AM
3	I'm not opposed to condo or apartment conversion of existing large homes, but believe tight control is needed to avoid some of the disrepair you see in surrounding towns.	2/14/2022 8:45 PM
4	Let the Private Sector do it	2/14/2022 12:20 PM
5	We don't need more housing. Especially apartments or low income.	2/12/2022 8:58 AM

9	low-income earners: control development of this kind of housing	1/28/2022 10:21 AM
10	Town's senior citizens could be folks that simply want to stay in their present homes, not housing complexes. Let's figure out a way to increase services for them (food delivery, etc). Low income families need to be closer to services, often within walking distance. This is an example of Fitzwilliam not able to be the appropriate space for everyone. You must have dependable personal transportation to live in this town, unless public transportation becomes available someday.	1/23/2022 1:34 PM
11	Again as noted above. Low income householders need transportation to work. In Fitzwilliam you need a car to get to work; and you need work to get a car. So without better public transportation Fitzwilliam is not an ideal place for low income housing.	1/23/2022 1:03 PM
12	In order to be a balanced community we do need workforce housing. Construction should be in a way that does not take away from the character of the historic core and the overall visual character of the town	1/21/2022 10:30 AM
13	Many old houses that can be updated and improved available.	1/19/2022 3:32 PM
14	I believe the market should dictate housing. A reasonable planning board should have some latitude to accommodate the town's housing needs. Flexible zoning is key	1/19/2022 3:09 PM
15	One or two collective housing clusters featuring small, affordable housing units with shared amenities and services, including gardens, workspace, and communal gathering. Geared towards younger, educated, early career people looking for a community experience.	1/18/2022 11:43 AM
16	prefer utilizing existing homes at affordable rates.	1/12/2022 10:51 AM
17	What we definitely don't need are apartments where our townspeople are engaged in a modern indentured servitude to a landlord. Rents are absurdly high relative to stagnant wages. The last thing we want to do is lock our folks into renting forever from a mega-realtor. The future of our town is in courting young people to buy starter-homes so they can raise a family.	1/10/2022 9:26 PM
18	Last thing we need in this town is apartments or low income housing. We don't need to be Rindge.	1/10/2022 11:33 AM
19	I'm not a resident so I don't know. Keep the residential development options open which preserves more of your property value. Not everyone moves to your town for the same reasons so having options suits more people. Also if you require open space setasides in all developments you are only getting open space a small chunk at a time that may not further your open space goals or serve any real purpose. Without monitoring it usually ends up as untaxed but enlarged back yards for people who encroach on the open space.	1/10/2022 10:37 AM
20	Efforts to help with affordable housing should be somewhat contingent upon the surrounding towns doing the same. If Fitzwilliam unilaterally sacrifices tax base vs school costs and unilaterally degrades the character of our town then it still won't solve the price problem (which is a regional problem).	1/8/2022 5:21 PM

5	People have moved to, or remained in, Fitzwilliam as it is now - a small town in the country. Protecting that aspect of it should be the main focus of the master plan. Not advocating for changes that will disrupt the advantages Fitzwilliam offers over neighboring communities.	1/23/2022 1:34 PM

10	Re "Overdevelopment:" An increasing population will put pressure on the town's planning resources. A well-developed Master Plan can establish principles and goals that should influence development guidelines and new zoning regulations. "Overdevelopment" might be understood as Unplanned Development, which is really the major concern. Well planned and coordinated development can provide places for agriculture, open space, light manufacturing, cultural & recreation facilities, commercial activity, and a variety of housing types within the boundaries of the Town of Fitzwilliam. But this plan doesn't exist yet.	1/18/2022 11:43 AM

21	Promote more green energy economic development.	1/10/2022 11:59 AM
22	Promote the use of environmentally friendly household products, particularly cleaning products since the lake side lots get some or all of their water from the lake and are so close to it anyways. Antibacterial products will just lead to resistant bacteria thereby making everything worse.	1/10/2022 10:37 AM
23	Expand available solar energy to residents	1/9/2022 9:45 PM
24	More needs to be done to help avoid people dumping leaves etc in the town compost that have trash of various kinds mixed in -- it makes the resulting compost unattractive and risks getting cuts when working the soil. Support high fuel efficiency for town vehicles, such as hybrid, but oppose taking actions that have poor cost/benefit ratios in our region. Battery driven snowplow trucks possible but a poor tradeoff. Water: this town has a lot of it: any restrictions on water use need to be specific to the addresses (If any) where there's not enough to share. We could do more to help people with dead or unwanted trees to help people willing and able to use them for heating to get access to them. Tax credits are reasonable to do our part but need to be very modest, to reflect being responsible but not making disproportionate local sacrifices.	1/8/2022 5:21 PM

1	Traffic around the common makes walking there difficult. Sidewalks would help.	3/9/2022 1:46 PM
2	DPW needs to return to Gene's principles for sand/salt and maintenance. He treated all resources very conservatively, as if the money were coming out of his pocket and how could he best use it even eyeing surplus vehicles for years to get a great deal. Using sand/salt in other than safety areas (intersections/road curves/hills) is unnecessarily expensive, destructive to roads (increasing road maintenance budget) vehicles and environment. This can long-term break the Town and is within our control. Some areas of the country, notably Montana use almost no salt.	3/8/2022 11:44 AM
3	3 years ago, MRSD the funding 50/50 formula. This disproportionate funding is here for good penalizing for it's fiscal and town responsibility. It's three years late but now is the time for Fitzwilliam to leave the District. The fact is we have little or no voice in district affairs. Let our neighbor pay their own bills. If they want to open their town to low income housing, so be it, but we should not be responsible for their decisions.	3/7/2022 10:40 AM
4	This is a great town with a severe lack of things that appeal to families. There is not a playground from parents of young children to access unless school is not in session. The town beach is on the side of the road and buildings are severely lacking. The town is geared more towards an aging population although the trend seems to be younger families moving in.	3/5/2022 9:56 PM
5	Thank you to all of you involved with this survey!	3/1/2022 8:40 PM
6	Love the idea of expanding community activities and services, both through infrastructure and scheduled events.	3/1/2022 5:00 PM
7	Thank you!	2/23/2022 5:05 PM
8	We specifically chose Fitzwilliam because of the rural character and small feel. Excited to raise our children here. Concerned about all the new house lots and forrest being lost. Wish there was more conservation and less new developments.	2/23/2022 1:26 PM
9	Happy to see this underway. Looking forward to gathering findings.	2/23/2022 9:07 AM
10	I would like the town road maintenance budget to increase to allow for the increase of prices of needed supplies in order for our roads to be fixed. I know our road conditions are not the Highway Department's fault; however, they need more money (higher budget) to be able to do more. Help them (higher budget); Help us (better roads).	2/23/2022 8:54 AM
11	Where do we gather in emergencies? Please post in newsletter. Thank you.	2/23/2022 8:49 AM
12	Greatest concerns: Tax impacts. Social connection opportunities. Increasing usage of current buildings and resources rather than new/more. Town charging "infrastructure" to citizens, such as with fiber-optic... Least concerns: Weather preparedness and climate change (already do!). With social media and neighborly contact our elderly and special needs population is in our awareness.	2/23/2022 8:45 AM
13	No	2/23/2022 1:43 AM
14	Light industry, housing starts for families with minimum lot size. We are a border town and traffic flows pretty well on Rt 12...maybe a plaza would do well	2/22/2022 4:35 PM
15	Appreciate the survey (my bad for being a slacker!)	2/22/2022 2:46 PM
16	I'm really upset with the Irving station going in on Rt 12. I don't know if we could or should stay here when this happens.	2/22/2022 7:47 AM

18	I am very, very concerned about another Gas Station on Rt 12. Very Concerned.	2/20/2022 8:22 AM
19	I may not be social in Fitzwilliam, but I do like to walk around the village. Being 62 walking in the woods alone may not be the safest. Sidewalks around the village and to the Emerson school as well as down to route 12 would be a bonus for all. Rural is one thing, safety is another. Also the common could use some comfortable benches with backs on them scattered around the edges facing inward. Is it possible to add this idea to your next list of next survey questions?	2/18/2022 11:01 AM
20	Town bingo to include teens.	2/15/2022 7:10 PM
21	I've heard that someone wants to build another on route 12, south of 119. There is already a gas station on Route 12 at 119 and there are more gas stations just over the boarder in MA. Why would Fitzwilliam allow another station on 12?!?! Somebody doesn't get it. This is how you ruin a town!! This is an incredibly bad thing to do any place in town. PLEASE Stop from happening.	2/15/2022 11:54 AM
22	il realize how much time and effort all of the board members put in. it's a thankless job but one that has a huge impact on our community and i would like to thank all of you who invest so much of your time and energy into making Fitzwilliam the wonderful town that it is today.	2/15/2022 8:50 AM
23	Encourage more dialogue such as this survey for residents who don't have the time or desire to go to Town Hall Meetings	2/14/2022 9:43 PM
24	The recreation and planning committees along with people from town should discuss how to leverage our land and trails to economically benefit the towns and local businesses.	2/14/2022 8:45 PM
25	Would love to somehow expand the public beach at Laurel Lake. We spend a lot of time there. Our recreation department is indispensable. Love the ice skating rink but it's small so gets crowded easily. It would be nice if the highway barn could plow an area at laurel lake for ice skating. Would love more restaurants and retail. Sometimes have to drive a long ways for shopping. Its a double edged sword as no I don't want traffic lights and more traffic so it's hard to figure out.	2/14/2022 5:43 PM

28	I'm hoping the town doesn't change. It's great here. The last thing I want to see is the town get filled with people who don't care about it's charm and it's history.	2/13/2022 10:42 AM
29	I am very concerned with the lack of enforcement of the speed limit in the town of Fitzwilliam. There are many surrounding towns that monitor the speed limits. I pass radar, on my way to work going throught Troy, Swanzey and Keene. Driver's go the speed limit because of the enforcement.	2/12/2022 7:16 PM
30	Best of luck. Keep the town small and quaint. ie friendly	2/12/2022 3:59 PM
31	We should focus on cleaning up the buildings that are falling apart on the common and Rt 12 before even thinking about any other expansion. Please keep this town small. That's why I moved here. If I wanted to live in a more developed area, I would have moved to Keene.	2/12/2022 8:58 AM
32	Concerns are the lack of buildings being maintained on the common. There are RSA's out there that would encourage the maint. of theses structures. The closure of the inn and impact that has on the community. The community would gladly assist in supporting them. I would also like to know how to support people in need within Fitzwilliam (money, food, time etc.).	2/12/2022 8:30 AM
33	We need to maintain our rural character. CSA and farmers market which also welcomes crafters would be nice to have available during nice weather	2/11/2022 5:23 PM
34	Multi family dwellings do NOT belong in single family home areas.	2/11/2022 1:51 PM
35	Many of the listed improvements I've shown interest in sound great.... but any major tax burden associated - I might find myself at odds with. Balance is the key, clear sense of direction & patience.	2/11/2022 12:14 PM
36	Children are the life of a town. If we don't do something, Fitzwilliam will be a retirement community soon. Stop looking at children as a tax liability!	2/11/2022 11:52 AM

37	I enjoy Fitzwilliam as it is. Growth is inevitable; let's keep it to a slow pace. Protect our natural resources. Select Office could be more friendly and increase hours so working folks can access it! Stop changing the town common. It should stay as it has been historically. Remember: the Depot is part of Fitzwilliam, it deserves attention. The goal is to not be crowded like Rindge has become - thus building has increased here (not much room left in Rindge).	2/11/2022 11:49 AM
38	Thank you for all your hard work!	2/10/2022 10:33 PM
39	We appreciate Fitzwilliam's size and rural feel. As mentioned in an earlier section, single stream recycling at the transfer station would be a very desirable improvement.	2/9/2022 8:22 PM
40	I'm fine with going to the transfer station. I'm fine with new water and septic system. I'm NOT fine with paving over paradise nor with overdevelopment, especially when it's allowed to ruin wetlands so a few people can make some money. I'm not fine with people who neglect their property.	2/9/2022 1:13 PM
41	We need reliable cell phone service throughout the town!	2/9/2022 12:30 PM
42	I'm concerned about all the building everything, but specifically around Fitzwilliam. I don't have grade school children, but an influx of kids can force all sorts of federal mandates upon the schools (building more classes, possibly hiring more teachers, busing, mandated programs, etc). By charging a fee to build homes, the permit for speculation could be considerably higher, with regards to building in Fitzwilliam. It would also boost values. Another solution is to reimburse a portion of the fee after the people live there for a period of three or five years.	2/9/2022 12:25 PM
43	Police the town better for junk car's and trucks on residential property. Clean our town up. Does our code enforcement officer need glasses.	2/9/2022 12:19 PM
44	I find it difficult to fill out your survey without more information or comment. Fitzwilliam already have 3-4 venues for gathering, maybe more. Why should we build another building that requires staff, supplies, utilities and maintenance? We already have excellent community programs sponsored by the library and sometimes the Community Church. At one time my husband and I attended and concerts in the town hall. We walk in Widow Gage at least monthly, and there are other trails available to enjoy in town. Whether you believe in the concept of Climate Change or not, no one can deny the U.S. and the world is seeing a rise in extreme weather events. My personal experience of Fitzwilliam has experienced flooding in certain areas of town. We have experienced drought in the past 4 years. It's cumulative. When the precipitation totals are down +4 inches two years in a row, and then the next year is up 2", you haven't caught up. This past year we were down almost 2" again. We need to protect our water and watershed areas, even if it means petitioning the state to enact and enforce stricter wetlands regulations. As a gardener I have seen a big change in pestilence in the past 15 years. A dramatic change has happened in the past 4. (The pestilence refer to includes disease and insects.) We need to plan for community resilience before a disaster occurs. Plan infrastructure, roads, bridges, and buildings, understand what preparedness we lack, stiffen building codes to address extreme weather needs and drought.	2/9/2022 10:27 AM
45	Fitzwilliam is a beautiful town with a lot to offer. There isn't any need for our town to become Rindge or Jaffrey with overwhelming high taxes and haphazard services. This town is going to inevitably grow, and the only role the town needs to play is to make sure it grows into something that is true to where this town came from. Multi Family and low income apartments will not promote growth in the right direction. We should be focuses on keeping taxes as low as possible while keeping our roads nice.	2/9/2022 9:40 AM
46	Polluting factories; Wildlife endangerment.	2/9/2022 9:35 AM
47	the town is allowing more housing with disregard to the numbers of children that will attend school, The police chief has never said hello to me or have i ever seen him drive past me. This is a small town he should pay more attention to the people who live here and pay his salary. When i first moved here the past chief made an effort to know who I was, and i felt that he cared about the people in this town.	2/9/2022 8:32 AM
48	Shorten the survey	2/8/2022 2:29 PM
49	Improve town website - have a portal for comments. We need a better way to communicate as a town. Fix property tax burden at state level regarding education funding!	2/7/2022 11:20 AM
50	Protection of lakes, streams and groundwater is paramount. I am against minimizing land use	2/7/2022 11:15 AM

requirements to encourage building. We have workforce housing as we have many moderately priced property. Property tax at the state level makes rent and home ownership expensive. Current population pressure should not cause us to back off our ordinance based mitigation of housing and businesses (building and expansion).

51	Keep Fitzwilliam the beautiful country town it is.	2/7/2022 11:13 AM
52	Regardless, I love the community and its ideals, heritage, culture, and quaint manner.	2/7/2022 10:44 AM
53	Our police need to do more patrols to discourage speeders and ticket the idiots that turn left into Dunkin Donuts! The transfer station needs to be expanded - yes, yes, yes to Q. 22.	2/5/2022 1:23 PM
54	I appreciate that the town is planning for the future. I hope that taxes will not increase as our taxes are pretty high compared to surrounding towns. I wish you luck in these endeavours!	2/3/2022 12:26 PM
55	I think the town should be a little more open to new business opportunities especially with people who live in town who want to invest more into Fitzwilliam.	2/2/2022 1:47 PM
56	Thank you for asking for feedback!	2/2/2022 11:16 AM
57	None. Thank you.	2/2/2022 9:51 AM

60	It would be nice if we had a general store.	1/31/2022 10:44 AM
61	Concerns are people living in camping trailers year round with no septic system!	1/31/2022 10:26 AM
62	I favor all efforts to preserve the natural world. I don't think recycling does much good but I willingly participate.	1/30/2022 10:47 PM
63	Hopefully the town will work with owners to preserve the Fitzwilliam Inn and not lead to its demise.	1/29/2022 6:29 PM
64	We need a proper swimming area/beach. What we have doesn't cut it.	1/28/2022 12:32 PM
65	Love the rural character of our village. Hope to see large land parcels conserved. Don't want any developments - especially condos or apartments. Would like to see more info about the history of our town. Would love to see less traffic going through our town, and the speed limits enforced.	1/28/2022 12:13 PM
66	Kudos to the broadband committee for Fitzwilliam's new fiber optic internet! Also, what is the function of the Agricultural Commission and do they still meet?	1/28/2022 11:13 AM
67	I like the idea that has been floated around about some kind of planned welcome for newcomers to let them know what services are available and events planned. Communication of what is going on is a problem, not everyone uses Facebook and it is not always accurate. Need method of education of new owners of homes around lake about lakeshore protections. Our lakes and ponds are one of our most valuable resources.	1/28/2022 10:21 AM
68	The Fitzwilliam Inn is as important and iconic as the Town Hall. Every effort should be made to save these historic structures. Any assistance the town could provide to possibly lure a buyer would be great. It would be a disgrace if that Inn was allowed to sit idle much longer.	1/28/2022 8:20 AM
69	Lobby state to locate a two year community college for associate degrees and non-credit adult education. Route 12 corridor would be prime for drawing many students from region and MA, and bring retail patronization with them.	1/27/2022 3:58 PM
70	When police do a detail they should be outside the cruiser and not inside with lights blinking (not doing their job). Highway department should put out warning signs (ALL) when doing work on town roads. Make safety vests mandatory when in road.	1/27/2022 2:46 PM
71	I would like to see the Town of Fitzwilliam look into leaving the Monadnock Regional School District, as it doesn't seem the tax formula seems fair.	1/27/2022 2:14 PM
72	A welcome kit would be a nice offering to a new property owner in town. A few suggestions might be: Important contacts (Police, Fire(w/ names of Police & Fire Chief), Elder Services, Town Hall contacts, Schools, Library, Landfill info, Nearest Hospital/Medical Offices/Walk-in Clinic (if available), Veterinarians. Television/Cable/Internet companies and their info. A	1/24/2022 6:44 PM

brochure outlining the Town's History, perhaps even an invitation to join the Historical Society, Town Churches w/contact info. Nearest grocery/shopping, a few local farms and their offerings, info on local attractions (Mt. Monadnock, etc.), perhaps even info on events which are held on the Town Common. Fish & Game contact info for our region.

73	I moved to Fitzwilliam to raise a family, and find community. The forests, land and water keep me here, even as my children have moved away (as I would expect them to) to find their own place in the world. What makes Fitzwilliam different from other towns to our east? What we have right now, right here. Creeping development is our biggest challenge, and limiting this growth is our biggest future problem. Fitzwilliam cannot be everything to everyone, and continue to hold onto what makes it different... and precious to those here now.	1/23/2022 1:34 PM
74	I added specific thoughts along the way as I completed the survey, but let me add some general thoughts. If you look at NH's website, you will not see pictures of factories, strip malls, quarries, car dealerships, apartment buildings. You will see pictures of woodlands, lakes, and streams. When you look at advertising on TV, in magazines, or on signs, you will see (more often than not) pictures of nature. Because, our connection to nature is an intrinsic part of being human and a fundamental part of living in NH. Preserving nature is not self centered. Nor is it simply "not in my backyard" thinking. Preserving nature and our rural community is a part of who we are. Hopefully, it is that lens through which our town boards and citizens will view the future of Fitzwilliam - for this generation and future generations to come.	1/23/2022 1:03 PM
75	As my responses probably reflect, I am in favor of limited government and limited taxation. I feel that Fitzwilliam has been frugal with public funds and I'm grateful. But the nature of many questions in this survey implies a desire to spend tax dollars and increase taxes. I think I'm not alone in my love for our town and I think we can achieve many of these objectives on a voluntary, grass roots basis. Thank you!	1/22/2022 5:08 PM
76	Na	1/22/2022 12:04 PM
77	More money needs to be put into the towns roads. Both gravel and paved. Someone needs to be looking for and applying for grants that would help with various improvements and projects in the town.	1/22/2022 1:10 AM
78	Cell tower needed	1/21/2022 10:46 AM
79	find a way to preserve historic properties in town, find new owners for the Fitzwilliam Inn, develop ways to generate volunteerism and involvement in town, more effectively welcome new folks to town.	1/21/2022 10:30 AM
80	Need for better cell phone service.	1/21/2022 10:08 AM
81	Love the idea of a community compost program. But I'm worried about invasive species, especially knotweed, contaminating compost and possibly spreading the invasive.	1/21/2022 9:52 AM
82	to much building in the fullam hill rd. area. taking land that has been in current use for decades and transforming it into undersized lot, hammerhead lots and lots that dont conform to current zoning laws. It seems that anyone that applies for a variance can do a little research and do a end run around zoning ordinances that have been around for more than 50 years.	1/21/2022 9:31 AM
83	Plans are useful guides IF they are implemented. Planning Board members, please do not throw this plan into a drawer where it will sit for 10 years until the exercise is required by state law. Make changes to the common good.	1/21/2022 9:24 AM
84	Pleased to see this survey. Hoping this town grows with kind businesses, and caring and responsible families and adults. Keep Fitzwilliam strong!	1/21/2022 9:04 AM
85	Sidewalks!	1/21/2022 8:54 AM
86	None, thanks	1/21/2022 8:46 AM
87	1. Bank incentives to purchase/repair old houses would beautify the town and solve housing shortages. 2. I'd like to see several radar speed indicators on back roads, with friendly reminders (ex: slow down "thank you") 3. Sometimes "growth" does not equal progress. 4. Climate change technology can be very expensive. Let's wait for the costs come down, efficiency goes up before purchasing electric vehicles. I'm waiting a year or two (or more) myself. 5. Town free clean-up day (or days) for free removal of junk. 6. Tax incentive for revival of Fitzwilliam Inn?	1/19/2022 3:32 PM

Town of Fitzwilliam Master Plan

88	I'm beginning to feel like I made a major mistake making Fitzwilliam my new home. Here's a thought, people want to live here to escape high taxes and a tax and spend mentality. Most people, not all, acknowledge common truths, if you want increased services you pay increased taxes. Not one question asked, "Would you be willing to pay more taxes for "X". In a perfect world people would have everything they want, but at what cost.	1/19/2022 3:09 PM
89	Expanding the business base in town will provide additional tax revenue without significant increase in use of town resources. We should promote the use of the Route 12 business zoned corridor and encourage/pay for 3 phase power along Route 12.	1/19/2022 3:07 PM
90	Thank you for all of the dedicated, hard work that has gone into the Master Plan process. Cheers!	1/18/2022 11:43 AM
91	1. Develop Meadowood site and buildings for Town Rec. facility! 2. Financial support of the Blake House - upkeep/maintenance. 3. Restrict ugly solar panels from the Historic District - viewed from street. 4. Develop plan/support for low-income housing in town - either rehab existing buildings or build new. Encourage this thru tax credits on real estate.	1/14/2022 12:27 PM
92	Only here a year - love this town, plan to become involved in local government. Would love events to help meet people - hard with Covid...but hope to do that.	1/13/2022 5:41 PM
93	Thank you for the opportunity.	1/13/2022 10:00 AM
94	The town website is not a satisfactory way to communicate with the townspeople and the Newsletter articles are outdated almost by the time it is printed. So that leaves sandwich board signs. Is there really anything to debate here? The Board of Selectmen need to allow town committees/boards to communicate via FB (or another means) with comments turned off, as other towns do. Or get the town website where it is more user friendly so folks can actually find info there. Different topic. Get proper video conferencing equipment so the public can attend via Zoom, without audio issues.	1/12/2022 2:34 PM
95	I fled Mass to get away from the insanity, I want the reasons that I chose this area to disappear and become a Mass - light area.	1/12/2022 2:25 PM
96	Very concerned about possible loss of habitat for wildlife in our area. Very much would like to see Fitzwilliam maintain its rural nature. That is what draws people to this town from other overdeveloped areas. Concerned about increase in traffic - large tractor trailer trucks driving through center of town. Would love to see the Fitzwilliam Inn up and running. Maybe a tax break?	1/12/2022 11:09 AM
97	Cell service is the worst in Fitzwilliam. Have to have a home phone and cell phone because cell service is so poor. Additional expense to live in Fitzwilliam!	1/12/2022 8:59 AM
98	I've been here over 30 years and I came to Fitzwilliam for it's natural beauty, open spaces and rural New England character. Preservation of this character is essential. Changing this town to something different and loosing it's past and current identity would be tragic. Once it's gone, it can not be replaced.	1/12/2022 8:33 AM
99	Open the trails that are used for 4 wheelers and snowmobiling to dirt bikes!!!	1/11/2022 8:52 PM
100	Please consider offering different transfer station hours. Tuesdays and Thursdays are pretty much the same schedule for working people, so if we can't get there on a Tuesday, same goes for Thursday. That leaves really only one day to get there. (Or, at least consider offering a morning shift on Tuesday or Thursday instead of the afternoon shift) just to provide an additional opportunity. As for a swap area at the transfer station, I am in favor as long as it is positioned in such a way that traffic to the trash and recyclable areas is not blocked/affected. Not sure where that would be, but it seems like this effort to have a swap area might cause a bottleneck in an area that already experiences holdups. There are days where cars are waiting in line on route 12, and this is VERY dangerous. Cars fly by at 60 mph.	1/11/2022 7:30 PM
101	Thank you for the survey. It makes us all grateful to be a part of such a beautiful community and how important it is to preserve it at all costs for future generations.	1/11/2022 5:35 PM
102	I have lived in this town my whole life besides moving to the town over for a few years. We moved back here and bought my parents home in order to help them out. I do enjoy the fact that our town is quiet with little crime, however there is nothing to do here at all! Our public beach is the side of the street, it's not even a beach, our roads are not the greatest, there are a few businesses in town but not many. We need to have places come into our town in order for it to grow. I feel like we have a lot of "transplants" from cities who like the rural feel of	1/11/2022 12:08 PM

Town of Fitzwilliam Master Plan

Fitzwilliam which is nice but we need to have a convenient small grocery store, maybe a gym, a real dunkin donuts and the most important to me as a parent is a recreational community center for our kids with all kinds of programs for kids and teens. I could go on but basically we need more growth. I'm driving back and forth to Keene multiple times a week to take my kids to different activities because there is nothing offered here! I know the current rec director has done amazing and I love how she is trying to implement more programs but I feel like she doesn't get alot of support from the selectman!

103	Regardless of where I may work, find opportunity, or otherwise- Fitzwilliam is my home. It is where I will teach my future children to swim, fish, waterski, and respect nature. It is, God willing, where I will take my last breaths as an old man surrounded by my family someday. It is where I will be laid to rest along with generations of my ancestors. I am confident I am not alone in this connection to the town. "As you grow older, you will discover that you have two hands - one for helping yourself, the other for helping others." - Audrey Hepburn	1/10/2022 9:26 PM
104	I'm very concerned about taxation and government over reach. I wish simply to be left alone. What the Fitz local government does, it does very well. We don't need more than that.	1/10/2022 6:30 PM
105	Somehow do something creative, meaningful, and beneficial with the Fitzwilliam Inn. What a wasted asset. Community center? Tax incentives for potential buyers? Anything to make it a useful part of our town center again. Is there anything unique or meaningful that we can do with the old train station? Again, awesome piece of history that is largely underutilized/undervalued. Does that become the new farmer's market, or is that too far from our center of the universe Rte 12?	1/10/2022 11:59 AM
106	All joking aside, any development should be kept to a minimum. We should prioritize revitalizing the current commercial/industrial buildings that are in place before exploring any additional new builds. Also, keep apartment complexes out of this town. This will change the town in a very negative way.	1/10/2022 11:33 AM
107	Promote outdoorsy recreational activities to seasonal residents along with restaurants in the spring, summer & fall - that way can capture more economic benefit from the same people who come to the area already. Also this activities can be if benefit to locals and other residents or visitors if area towns.	1/10/2022 10:37 AM
108	Nice to see the improvement to internet communications now we need to improve our cellular communications throughout the town.	1/10/2022 9:50 AM
109	Could the Town develop a different access point to laurel lake that would overcrowding at public beach?	1/10/2022 9:28 AM
110	Would love to see more town center and historical society events... such a beautiful small town center. It already has some fantastic events but more would be even better.	1/10/2022 8:37 AM
111	Efforts to preserve/manage the swamp on Laurel lake would be excellent. It's a wonderful ecosystem but might require some management (damming, eco checks, etc) The town needs another business such as the Inn or the old Depot store.	1/9/2022 11:06 PM
112	I believe Fitzwilliam is an absolute gem of a town and could be increasingly attractive for both residents and businesses with some investment and strategy. One important item that might be seriously considered in this process is that of the Fitzwilliam Inn. It has been a centerpiece of the town and losing it as a business and cultural/historic entity is significantly damaging. I wonder if the town might consider its purchase or management as an historic site and essential presence in the town center/Common. As a child and young adult, the Inn was a destination for family gatherings and a place of pride to share with visitors. I believe preservation of the Fitzwilliam Inn should be a shared priority of the highest order for this planning body.	1/9/2022 9:45 PM
113	I would like the town center to stay historically focused. I would like to see some kind of welcome center on rt 12 coming up from the Ma border, before getting to the intersection of 119.including samples of craftmans articles from the Monadnock region to encourage tourism. it would be nice to see small business along rt 12, such as ice cream, candy store, maybe holiday shops such as Christmas, candle shops. restaurants. planned neighborhoods with small family homes, some rentals to encourage young families to come into town. I enjoy the concert on the common. it would be nice to see seasonal activities expanded, such as the Christmas tree lighting turn into a craft fair around the common. Halloween celebration/October fest.	1/9/2022 9:09 AM

Town of Fitzwilliam Master Plan

114	<p>We need to educate townspeople about election integrity so that there are not false impressions that it is somehow okay to toss out election results on the sole basis of concerns or rumors so lacking in credibility that not even super conservative judges found them worthy of the courtroom. We should have noise regulations that allow for reasonable freedom while at the same time preventing inconsiderate behavior. For example, tannerite use could be limited to certain days and with limits on quantity. Shooting noise could be limited not only by time of day but by the percent of time that the peace is disturbed -- so as to balance gun rights with respect for neighbors -- yes you can shoot, but the vast majority of the time should be peaceful. Our town government could do more to help and encourage folks to be savvy consumers of information and to encourage local discussions, especially for topics relating to selection reasonable (and not unreasonable) measures when appropriate to avoid spreading disease, not having false beliefs about vaccines, or any topic that impact public health and well informed voting on matter that impact fellow citizens. Better local discussions can hopefully reduce the dangers of townsfolk self segregating into opposing information bubbles.</p>	1/8/2022 5:21 PM
115	<p>Our family loves the town. Almost everyone is nice and friendly and cares about the community. The library is great and the people working in town hall super. And we love the rural character of the town</p>	1/8/2022 4:20 PM
